Late entry and registration on the competition day:

Latest 30 min before the first start, at the event office!

General information:

- > The ceremonies for the German Championships are only for German competitors with a BDR licence or DTB Startpass according to the German competition rules.
- > For sufficient insurance protection and liability in the case of damage resulting from associations, organizations and offices of the Free State of Saxony as well as third parties, each sportsman / association itself is responsible.
- > Every athlete has to report himself at the finish if he quits the competition!
- > In spite of the latest updates of the map (08/2017), there have been major forest activities in the past few weeks that can have affected the paths, tracks and trails.
- > You will get a start bib for both days together. They will be removed on Sunday behind the finish.

- > Rented SIACs come without a rubber band to fix. Please bring your own belts to attach it. SIACs will be delivered at the registration.
- > Away from paths and tracks, there are fenced mining deposits (daybreaks). **Entering is prohibited and life-threatening!**
- > **No waste in the forest! Please don't leave any gel packs or anything else in forest. If it is impossible for you to put it back into you pockets, leave it at the foot of a control stations!**
- > **Please be careful if you punch the controls. Don't damage or crash in the control stations.**
- > **Please keep appropriate in the Sportpark (especially in bad weather conditions). We are guests!**

General competition rules:

- > The current German MTBO rules will be applied
- > Off-track riding is strictly forbidden. It is forbidden to leave the mapped terrain during the competitions.
- > The mapped terrain may only be used during the competition, also with regard to the embargoed areas in 2019!
- > It is not allowed to cross any olive or yellow coloured areas.
- > The provisions of the Federal Forestry Act and the Forestry Act of Saxony must be complied with:
 - >> No smoking in the forest.
 - >> Off track riding is strictly forbidden.
 - >> It is not allowed to enter any kind of forestry facilities.
- > The road traffic regulations must be complied, especially in the area of public roads:
 - >> In Germany one drives on the right side of the road.
 - >> Overtaking should be done on the left side or after communication on any side.
 - >> Uphill goes before downhill!
 - >> Observe the German road rules (right goes before left etc.).
 - >> Respect other traffic on the roads and forest tracks.
- > Take care of walkers, tourists and other bikers.
- > Follow the instructions of the organizer team.
- > Warm-up: use the road between Breitenbrunn and Sportpark as well as the route between EC and start.
- > Ensure that no competitor is hindered on the way from the EC to the start and in the finish area.
- > **Any breach of these points will be punished with disqualification, without exception.**

Special map symbols:

>> There are two small meadows in the Sportpark where it is allowed to ride over. These areas are marked with orange strips (symbol: 839) on the map. It is not allowed to cross any other yellow colored area. The entrances to the forest are marked by red and white ribbons.

>> Single tracks in the trail center are one-way. **The direction marked in the map is mandatory and it is strictly forbidden to ride them opposit. It serves your security and the security of the other bikers.** The trails are sometimes slower than the signature of the map shows.

> **Any breach of these points will be punished with disqualification, without exception.**

Punching system:

- > SPORTIDENT, all cards incl. SIAC with near field modus.
- > Don't forget to clear and check.
- > It is the responsibility of the competitors to punch correctly at the controls and the finish.
- > The last control and the finish are equipped with 2 SI stations.
- > Read out is located in the event center.
- > SPORTIDENT Air+ hints (SIAC):
 - SIAC Card necessary.
 - SIAC has 2 LED in front.
 - A green LED blinks about all 5 seconds and shows SIAC is active.
 - A red LED blinks in a short interval when a control was punched, additionally it beeps after a successful punch.
 - The clear station will turn on the SIAC and the check station will activate it for the competition. Don't forget clear and check!
 - The controls work in the Air+ near field modus. It possible to punch with a small distance (50 cm) between the SI station and the SIAC.
 - It is the same at the finish station, you have to punch it.
 - Attention with GPS watches: Wear the SIAC on the other arm of the GPS device. Otherwise it could be possible that the SIAC doesn't work correct.
